

## ASSIGNMENT

WHEREAS, BASF Corporation ("Assignor"), having a place of business at 26701 Telegraph Road Southfield, Michigan 48034 USA and BASF Coatings GmbH ("Assignee"), having a place of business at Glasuritstraße 1, 48165 Münster, Germany, under its previous name of BASF Coatings AG, executed an agreement between them that took effect July 1, 2009 (the "Agreement");

WHEREAS, under the terms of the Agreement, Assignee received and is entitled to the entire right, title, and interest in the patent applications (the "Applications") listed in the attached Table of Applications;

WHEREAS, Assignee wishes to affirm and assert its right, title, and interest in the Applications;

NOW, THEREFORE, in accordance with the Agreement and for good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, Assignor hereby confirms the prior transfer of the Applications to Assignee under the Agreement, and to the extent that Assignor has not already done so, hereby does sell, assign, and transfer unto Assignee and its successors in interest, the full and exclusive right, title and interest in and to the Applications and the inventions described in the Applications throughout the world, including the right to claim priority under the laws of the Paris Convention and all countries, to all divisions, continuations, continuations-in-part, international applications, national applications filed in all countries, and any other applications claiming priority directly or indirectly from the Applications, and any Letters Patent, utility model, or other similar rights that may be granted thereon, including reissues, reexaminations and extensions thereof, and all copyright rights throughout the world in the Applications and the subject matter disclosed therein, these rights, title and interest to be held and enjoyed by Assignee to the full end of the term for which the Letters Patent, utility model, or other similar rights are granted and any extensions thereof as fully and entirely as the same would have been held by Assignor had the Agreement, this assignment, and sale not been made, and the right to sue for, and recover for past infringements of, or liabilities for, any of the rights relating to any of the applications, patents, utility models, or other similar rights, resulting therefrom, and the copyright rights;

Assignor hereby covenants that no assignment, sale, license, agreement or encumbrance has been or will be entered into which would conflict with this Assignment; and

Assignor hereby requests that any official of any country or countries whose duty it is to issue or grant patents and registrations issue the Letters Patent, Utility Model Registration or other similar right to Assignee.
